Professional experience

- **REVVO**

Role: Jr. Graphic Designer

Period: 01/2023 – Present

Responsibilities: Leading the visual and structural development of digital learning solutions for corporate education projects aimed at large companies, from creative concept through final delivery. Responsible for building interactive learning experiences, layouts, interfaces, animations and multimedia assets in authoring tools such as Storyline and Gomo. Defining and applying visual identities for learning paths and training programmes, ensuring aesthetic consistency, alignment with the client brand and adherence to digital accessibility and user experience best practices. Strategic collaboration with multidisciplinary teams on content structure and on proposing visual solutions that increase engagement and learning effectiveness.

Role: Graphic Design Intern

Period: 04/2022 – 01/2023

Responsibilities: Instructional design work building interactive courses with the Storyline and Gomo authoring tools, responsible for creating and configuring core elements such as buttons, interactions and animations. Producing, manipulating and editing a wide range of images, including bitmaps, vectors and GIFs. Creating interactive PDFs and animated presentations, developing visual identity plans for courses and materials, and producing and setting up print-ready files. Supporting the development and structuring of digital visual symbols, operating computer graphics software and proposing colour and image combinations.

- **WRJ DISTRIBUIDORA**

Role: Graphic Design Intern

Period: 07/2021 – 03/2022

Responsibilities: Supporting the development of print and digital material such as campaigns, e-mail marketing, posters, books, magazines, folders, booklets and more. Supporting social media content creation; analysing campaign performance; supporting image retouching; client service.

- **CENTRO DE RECICLAGEM RIO**

Role: Administrative Apprentice

Period: 08/2019 – 01/2021

Responsibilities: General administrative services and customer service. I had the opportunity to work across several departments — Quality (primary), Environment and Reception — learning the routines of each.

Volunteering
